

Redesigning the response to women in the Justice System, Hope Street is a residential community in Southampton for Justice-involved women and their children. Bail, licence and community sentence requirements can be carried out at Hope Street.

An abstinence based community that recognises and responds to trauma, with move on houses for when women are ready for independence.

Women engage with others through a personalised timetable of structured group activities and 1-1 and sessions.

Women work towards a positive future, in an absinent based environment that values physical and emotional safety.
